NEW RECORDS MAY BE MADE AT THE MEET

Many Well-Known Athletes Competing This Afternoon.

STARTS AT 2.30 SHARP.

Governor's Medal To Be Awarded To Most Successful Competitor.

The University Track sports will begin at 2.30 o'clock this afternoon and the events on the programme will follow one another in rapid succession. Anyone who is not at the stadium before the hour set for the commencement is sure to miss some of the most interesting of the events and probably lose the chance of seeing a McGill record being broken.

The first event on the programme is the pole vault and there are several men entered who expect to reach the mark set by Eric Cushing and which has never been bettered since. One of the entrants, W. Antliff, has already bettered the mark in outside competition and will attempt to make an official record at today's games. Running almost at the same time as the pole vault will be the one hundred yards dash; in this are several of McGill's former winners as well as many newcomers and an interesting race should be the result.

The high jump will bring out the choicest of entries for the day and it is very doubtful if any one man could be picked as a winner before the event takes place. The present record for this event is five feet six inches and it is claimed that several of the participants have at least equalled that height in former meets. If the ground is solid enough to give the men a chance to jump properly there is no doubt that the old record will be at least equaled and, under favourable circumstances, it will be broken. Macdonald will be represented in this event. The broad jump will also bring out a choice list of entries at least one of whom has already bettered the McGill record in other meets. W. R. Kennedy won this event in the Canadian championships and will try to get a win over the other men today; to do this he will have to extend himself to the limit and he should do as well as in other meets when his distance was very good.

The half-mile race will also be very closely contested. Antliff, Hamilton, (Continued on Page 2)

FIRST MEETING OF ARTS UNDERGRADS

Poor Attendance Of Freshmen — C. A. Adair Presided.

The first meeting of the Arts Undergraduate Society for the year 1919-1920 was held in Room 5 of the Arts Building at 1 P.M., yesterday.

It is to be regretted that the first year men are not taking more interest in college activities. Their showing at this meeting was especially poor. If there is to be life in the faculty this session it is up to the First Year men to do their share. The president, C. H. Adair, opened the meeting with a word of welcome to the First Year such as were there.

The minutes of the last meeting were taken as read.

Owing to the fact that the position of Treasurer of the Society is vacant due to K. Falconer's resignation, and as the date for nominations for the position of Secretary is past, without any nominations having been handed in, the society set next Friday, October 24th, for the election of a Secretary and a Treasurer all nominations must be received by the Janitor of the Arts Building before 9 A.M. Tuesday. The First Year must nominate the Secretary from among themselves and the fact that they failed to do this on the date set by the constitution, after due notice had been posted by the President speaks very poorly for the college spirit of the Freshmen.

Nominations for representatives of Second and Third Years on the reading room committee were called for. Messrs. McGroer and Macklaier were elected by acclamation to fill these positions.

There being no further business, the meeting adjourned.

ENTHUSIASTIC MEETING HELD BY LE CERCLE

Dr. Villard Emphasizes Importance of Society.

MANY MEMBERS.

Prof. Du Roure Delighted With Large Attendance.

The Cercle Francais held a very successful meeting at 5.00 p.m. yesterday, about forty men being present. After the president had welcomed the new members and explained the various activities of the Cercle, the honorary president, Dr. Villard, added a few remarks, emphasizing the importance of this society, and in pressing upon his hearers the fact that it was a real privilege to be a member of the Cercle Francais.

Prof. Du Roure having been called upon to say a few words, expressed his delight at being among the future members of the Cercle, and glad of the opportunity afforded him of lending his active support to its undertakings.

In addition to the forty men present yesterday, there are about twenty others who, though incapable of being present, signified their desire of being admitted to membership. After all have joined it is expected that the Cercle Francais will number more members than ever since its organization, and its success for the year is assured.

On Thursday next, the 23rd, at 7.30 p.m., the Cercle will hold its first regular gathering at the Union Cafeteria. The speaker of the evening will be Prof. Du Roure, who recently returned from overseas, having seen active service since the beginning of the war, and he no doubt has a good deal of interesting experiences to recount. After the conclusion of the address by Prof. Du Roure, refreshments will be served, and it is hoped that all those who have been enrolled as members, as well as any others who have been unable to attend the first meeting, will avail themselves of this opportunity of acquainting themselves with the nature of the Cercle's activities. Those who have not yet paid in their fees are requested to have their purse with them when coming to the gathering next Thursday evening, or if they can pay before, they may do so by seeing the secretary in the Arts Building.

WRESTLING CLUB EXECUTIVE MEETS

Yesterday afternoon the executive of the Boxing, Wrestling and Fencing Club held a meeting to formulate plans for the coming season. This Club, which maintained its activities during the war, is looking forward to a very successful year, and large classes are expected.

The difficulty of accommodation, however, is being felt and Dr. Lamb has been looking around for suitable quarters. He hopes to secure these shortly and his plans include several meets with outside organizations. The attention of all, and particularly the new men is drawn to the splendid opportunities offered by this club for all who are interested in any of these forms of sport.

ROOTERS OUT IN STRENGTH AT PRACTICE

New Parodies and Yells Tried Out.

CLUB GOING STRONG.

Arch. Jenks and Keith Hutchison Led Members Through Good Programme.

In spite of the weather last evening, the Rooters' Club practice was strong as ever, with a great abundance of enthusiasm and pep on the part of the leaders and the Rooters. Some hundred men were on hand at seven-fifteen and after a few overtures from the pianist, "Fely" Shaw off Commerce '21, who did some fine work, Leader Jenks made a start with "The Land of Jazz" and which was well adapted to the University teams, though rather long-drawnout for any great display of pep in its rendering.

At this point in the proceedings, Keith Hutchison came on the scene to relieve Archie Jenks and give him an opportunity of working out a few fitting tributes for Queen's "Put On Your Old Grey Bonnet" was run through in fine style a couple of times and then the Varsity yell was introduced to those who were unfamiliar with it. The next item on the programme was a little Gaelic recitation by Keith Hutchison, which he thereafter explained was nothing but the Queen's yell with its Gaelic interpolations. Sid. McSweeney relieved Shaw at the piano for a few minutes and accompanied the fellows through "Hail Alma Mater", "Tammany" followed this, and then "Tramp, Tramp", both being with a hearty swing and plenty of harmony.

A novelty was next introduced by "the leader with the smile", namely a tame version was of "Hail, Hall, the Gang's All Here" reduced to such a saintly wording that even any R. V. C. dandy could sing it without scruples. After all had got over the shock, Assistant Hutchison swung into "Come Fill Your Glasses Up", followed by "Dixie". The "Skyrocket" was tried out for the first time this season and it exploded nicely.

The parody on "How Ya Gonna Keep 'em Down On The Farm" submitted by Willard, of Arts '23 was a marked success, as it has the necessary pep and swing to make it snappy and popular. "Bubbles" was tried and its catching air plus the parody, exerted a tremendous effect.

UNIQUE PROPOSAL OF LAW UNDERGRAD

Important Business Discussed At Meeting Yesterday.

The first meeting of the Undergraduate Society of the Faculty of Law for the present session was held in the Law Chambers on University street yesterday morning at 9.30.

The president, Mr. Maurice Versailles, occupied the chair. In a brief introductory address Mr. Versailles referred to their new quarters. It is to be regretted that this change has not been as satisfactory as was anticipated, but whether the lack of facilities and apparent inadequacy is due to want of foresight of money, the president was not prepared to state.

The first item of business which was discussed was the advisability of holding a Faculty theatre night. A resolution was passed in its favor, and a committee of two representatives from each year was chosen to make the necessary arrangements.

A motion to the effect that Law should act independent of Arts in Inter Faculty football was proposed, and resulted in a lengthy discussion. When a vote was taken, however, the motion was defeated. It was the general opinion, however, that Law should figure in Interfaculty Rugby even if they were affiliated with Arts.

Mr. Griggs then introduced a motion to the effect that an effort should be made to establish a miniature judicial system at McGill in connection with the Faculty. The advantages of this are apparent. Practical experience could be offered the students in instituting actions and preparing cases. This met with the unanimous approval of the society, and immediate steps will be taken to arrange for the carrying out of the proposal.

This brought the business of the meeting to a close, and as there were no further matters to be discussed, an adjournment was moved.

THEORY VS. PRACTISE

It has frequently been held by those whose object it is to minimize the value of a university training, that the academic atmosphere is so far divorced from the practical struggles and activities of the great work-a-day world as to unfit, rather than fit, the youth for the duties and obligations which await him at graduation. Most of us would modify this extreme and rather narrow-minded view, but in substance we, at least are disposed to believe that there is an element of truth in such an assertion.

The purpose of the university is rather to instil into the minds of its students the great principles which are the foundations of art and science, than to deal with the purely practical and more or less technical aspects, a knowledge which may be acquired even by the uneducated, merely through continuous performance of a fixed routine. Naturally, those best equipped to instruct the student in the broad principles underlying an art or a science are those who have acquired an extensive and thorough knowledge of such principles by diligent study. It is not to the practical man that the task of instructing the student is entrusted, but to the scholar. That the more or less impractical knowledge, which such an instructor imparts to his students should so far as possible be closely linked up with, and applied to, actual working conditions is of course most desirable. The extent, however, to which this is in reality done, depends almost wholly upon the ability and disposition of the professor to comprehend the practical and to relate properly the great principles, which he lays down to every-day phenomena. Unfortunately all lecturers do not possess this ability or disposition and to this extent, at least, we must admit that one failing of the university is that within its circumstance, the theoretical is over-emphasized at the very serious expense of the practical.

The legal profession furnishes an excellent case in point. No principles are broader or more profound than those underlying the great body of Jurisprudence. Breadth of view and the ability to comprehend broad principles are essential to the successful practitioner, but what of the practical?

Although in a sense, the law student is in this respect favored in so far at least that most of his instructors are practical men who live in constant contact with actual conditions, yet after all, there is very little provision in the way of practical experience.

The action of the Law Undergraduates Society, yesterday is a direct outcome of a realization of the students of this lack of the practical training in their training. The proposed miniature judicial system is in every respect a rational plan for the improvement of the course of study. Under it every man at least will get at least an opportunity to acquaint himself with actual methods of procedure, and to a certain extent will familiarize himself with, and accustom himself to, actual conditions as he must meet them after leaving college.

NEW RECORDS MAY BE MADE AT THE MEET.

(Continued From Page 1)

King, James, Kyle and MacNider are all men who have already shown their ability and it will not be a runaway for any of the men. The mile also has an equally interesting number of entries and some very good time should be made if the track is in shape after the rain.

The weight events will bring out many men new to McGill but who have been prominent in athletic circles in other parts of the country. At workouts held during the past few weeks some remarkably good distances have been seen and here again the holders of records may be replaced by some of the present students.

The one hundred and twenty yard hurdles has a list of entrants such as has been seldom seen at a university meet; there is a large list of entries and all of the men are well known hurdlers. Eric Pope has returned to the college and will be seen in action today against such well known men as Jack Farthing, W.R. Kennedy, W. S. Antliff and many others who have won similar races before. As usual, the four hundred and forty yard race is very popular and here again are some well known athletes competing. Kyle and King will put their best in this race in order to lead the others again and will have to work much harder than last Saturday owing to the fact that the list of entries includes many men who were not out last week.

The three mile race brought out a surprisingly large number of entries including Hall, who won the race last week, Antliff, Hamilton, Levitt, James and Douglas, all men who have raced on the McGill track before.

The inter-class relay race will be very interesting and it is very difficult to pick the winners beforehand. The sophomore year won the race handsly last week, but today the upper years will put in some men that should give them a good argument.

To the man who collects the highest aggregate of points will get the Governor's Medal. This is a prize which has always been coveted by McGill men and there will be some great competition today before it is won by any man. To men winning five or more points today will go a second grade block "M".

The list of entries is as follows:—
Seniors—W. S. Antliff, A. V. Douglas, M. Levitt, E. J. Pope, J. McL. White, J. R. Windsor.

Juniors—C. Bradford, J. Farthing, D. F. MacLellan, J. McDonald, A. J. Naud, G. L. Palmer, M. K. Wells.

Sophomores—F. D. Ackman, J. Anglin, J. S. Bradfield, H. H. Bucan, A. W. Carlyle, Caron, E. B. Copland, G. H. Desbarats, J. R. Forrest, G. L. Fortin, A. L. Gnaedinger, E. R. Hall, R. L. Hamilton, J. MCGILL TEAMS PRACTISED ON ON SOGGY FIELD

Line-up For Saturday's Game
Against Queens.

The McGill squads lived up to their old reputation of "mud horses" in the football practise yesterday in the pouring rain. The ground was as slippery as a greased table, and it is greatly to "Shags" credit that, although the play through the afternoon was fast and furious, through careful handling, no men were injured.

In the first part of the afternoon the first squad practised kicking and catching, in this Laffoley, Gallery, Gilhooley and Wallace did consistently good kicking. This is a side of the game in which McGill can not be called weak. After that a run up and down the field, and then signal practise for half an hour. New plays and formations are still being introduced and emphasis is seemingly being put on the fake plays, for which our teams were famous in the days before the war.

The second team had meanwhile been put through much the same work and at this point they were lined up against the Seniors. In this game Laffoley, Williamson, Anderson and Gallery played in the half positions for the first squad. The play throughout was fast, especially when we consider the nature of the ground, however the Seniors had the better of it from start to finish, although the Intermediates did some excellent blocking. Pringle Seath starring for the first team and MacDonald for the second.

When all was over it was a grimy lot that made their way to the clubhouse, but all seemed supremely happy, although such a practise in pouring rain is no fun. Surely such teams deserve every support from the student body. Let us see that they get it. The last practise will be held this morning.

In the first game of the intercollegiate league against Queens on Saturday the probable line-up will be as follows:

McGill	Queens
Seath	McKelvey
Anderson	Stewart
Laffoley	Brownfield
Williamson	R. Half
Montgomery	Quarter
Timmins	L. Scrim
Baillie	C. Scrim
Lifschin	R. Scrim
Notman	L. Inside
Ambridge	R. Inside
Ross	L. Middle
Cope	R. Middle
Parkins	L. Outside
Gilhooley	R. Outside
Spares—Gallery, Campbell, Nicholson, Kerran, Mallison, Wallace and Little.	

ROOTERS OUT IN STRENGTH TO PRACTICE

(Continued From Page 1)
dous appeal to all and ought to prove an instant success. A few whistling choruses were run off with all "blowing hard", and swaying from side to side in time with the music, reminding one of certain celebrities of a well-known "national institution".

Leader Jenks wound up the evening with a short talk on the importance and possibilities of the Rooters' Club. Three main objects for existence of such a club, were he said. First, the club is an essential encouragement to those who are out on the field, doing their best to win the day for the University. It gives them confidence and makes them realize that the college is right behind them and appreciates all they are doing. Secondly, the Rooters' Club helps to make the audience realize that they are getting their money's worth: it makes the spectators feel good-naturedly towards the University, and creates a congenial and friendly atmosphere right through the grandstand. Thirdly, it is the best demonstration possible of that much-heard-of "College-spirit" that everyone boasts and so few carry out. In closing, the leader made another appeal for more parades on such favourites as "Mary", "Jn-Da" and other well known hits.

SUPERVISOR WANTED.

Written applications will be received by the Secretary of the University Social Service Club, Strathcona Hall, for the position of Supervisor of the Boys' Night School, for a period of five months, beginning Nov. 1st.
School will be open two evenings a week for a two hour session. Remuneration, twenty dollars per month. State experience and other qualifications.
This is an excellent opportunity for any man interested in social service. Applications will be received up to 6 p.m. to-night.
F. M. MacDonald, Secretary.

STUDENTS TO PLAY GOLF VS. STAFF TO-DAY

Party Of Twenty-Four To Play At Dixie.

PRE-WAR CUSTOM.

Players Leaving At Nine a.m. Lunching At the Club-House and Returning At 1.50.

A team of about twenty-four professors and students will leave this morning at 9 o'clock to play a golf tournament on the Dixie Links. A very enthusiastic meeting was held yesterday afternoon at the Union, when Dr. Rutland presided, and all final details were satisfactorily arranged. A list of handicaps were drawn up and the players suitably paired off according to their ability. The programme for the day is to play in the forenoon, have lunch together at the club house, and return on the 1.50 train, which will reach Montreal in time for all to be present at the sports.

This custom of having a golf match between the professors and students has been carried out for six years previous to the war, and is being revived this year along with other competitive sports which suffered during it.

The royal game of golf is one which men of almost any age can play, in fact the champion of Canada was last year a man over sixty. For this reason it is the best game to bring men of such a diversity of ages together. All golfers, professor and student alike, are looking forward to a very enjoyable forenoon.

In former years the teams played on the morning of the University sports and this year it was decided to follow the practice. As a rule the professors were superior to the students' team, but on two occasions the students rose to the occasion and tied the score once, and beat the older men another time.

UNION CAFETERIA LOWERS H.C.O.F.L.

Food Of Excellent Quality and Served in Large Portions.

We have had occasion more than once to draw attention to the attractions of the Union Cafeteria, both as regards quality and price, but it is a regrettable fact that the initial extensive patronage has not been maintained. This week's attendance, for instance has shown a marked decrease from that of the previous week. The reason for this non-support is very hard to find.

The Union Cafeteria, we feel safe in asserting, compares very favourably both in price and in service with any restaurant in town and moreover, it is conveniently situated, clean and commodious. The quality of the food served is excellent and the menu is an extensive one. Yesterday's bill of fare, for instance, included such items as the following: Corn soup, roast beef, roast pork and apple sauce, lamb stew and green peas, Boston baked beans, French fried potatoes, apple pie and ice-cream, tea coffee etc., etc.

From the above it is quite easy to select a very satisfactory meal at an outlay of not more than fifty cents, a price which would be hard to equal in any other establishment in town.

Moreover it must be remembered that the cafeteria is a purely McGill institution run for the convenience of McGill students and we would again urge everyone to support it, no less for reasons of sentiment than those of economy.

FIRST CONVERSAT AT HALL TO-NIGHT

All Students and Co-eds Invited For To-Night's Entertainment.

As announced in yesterday's "Daily" the annual conversat, which is given under the auspices of the McGill Y. M. C. A. will be staged tonight in Strathcona Hall. The Social Committee wants every student in the university, including those of the fair sex to feel that he or she will be welcome at this function. It is essentially an entertainment of the students for the students.

Being as it is an effort to bring the two elements of the student body together, the Conversat has always received the well-earned support of everyone, and as such it does not have to have any plea for support attendant on it. Consequently the conveners are quite sure that a large number will be present this evening to enjoy the full advantages of the occasion. Don't be late, the programme will commence sharply at 7.30.

MEDS. ATTENTION.

There will be a work-out of the Faculty football team at 11 a.m. Friday, October 17th. All men interested in football are requested to turn out. Come prepared with a uniform. All up!

MANDOLIN CLUB.

A meeting of the Mandolin Club will be held on Monday next at Mr. Peate's studio, corner of Drummond and St. Catherine streets, at 7.30 p.m. sharp. After the business part of the meeting is over the first practice of the season will be commenced. All students of all years in all faculties who can play mandolins, cellos, flutes or saxophones are requested to be present, as this year steps will be taken to make the club the largest since its foundation.

Remember then! 7.30 Monday night at Peate's studio.

STUDENT SERMONS.

Rev. Dr. Symonds, the vicar of Christ Church Cathedral, gave every season, until the war, a course of sermons especially intended for students. Now that the war is over, he announces a course for the coming season, particulars of which will be found in our advertising columns. They will be delivered on the third Sunday evening of each month, and students are cordially invited, all seats being free at these and all evening services.

S.S. METAGAMA BRINGS BACK R.V.C. WARDEN

Miss Hurlbatt Now Returning From Abroad.

DELAYED BY STRIKES.

Students Will Be Glad to See Miss Hurlbatt Again a Host At Their Social Functions.

Miss Hurlbatt is now returning from England where she has been for the past few months. She sailed on S.S. Metagama and is expected to arrive shortly. But for the many strikes in England she would have returned earlier.

Miss Ethel Hurlbatt came to take the position of Warden of the Royal Victoria College in 1906. She was educated at Somerville College, Oxford, and was exhibitioner of 1888-1891. She obtained a post-graduate scholarship in 1891-92 and received her degree from Trinity College, Dublin, taking honors in modern history at Oxford.

Miss Hurlbatt was principal of Aberdeen Hall, Cardiff, from 1892-1898, and was also governor of Howell's school, Llandoff, (1898), when she was appointed to the principalship of Bedford College for Women in the University of London. She left this position to come to McGill in 1906.

She was engaged in calendaring Mediaeval Latin Charters for several years during a long vacation as temporary members of the staff of Bodleian Library, Oxford.

Throughout the University Miss Hurlbatt is a well-known and familiar figure; this is especially true among women students. She has been a member of the Social Functions Committee and has kindly attended most of the dances, skating parties and other social functions as chaperone. She spares herself no trouble in introducing strangers and generally adds to the enjoyment of her guests and students.

In the life of the resident students of R.V.C. Miss Hurlbatt is a necessary and prominent factor. During the whole four years of her course each girl looks to Miss Hurlbatt for guidance and sympathy in her problems, and she is never disappointed. She finds in her a wise friend and prudent counsellor. Miss Hurlbatt is a diplomat who can control the hot-headed or draw out the shy and modest freshman.

Miss Hurlbatt is keenly interested in R.V.C. athletics and sports, even in the coldest weather she cheerfully and enthusiastically watched hockey matches, setting an example to the girls which they might well follow.

R.V.C. NOTES

A hearty welcome is extended to all the McGill students and their friends to come to the R.V.C. sports on Saturday, October 18, at 2 p.m. As it is the first time R.V.C. has held sports for two years the girls are all the more enthusiastic, and are prepared to break all records.

Many will be glad to hear that there will be a The Dansant after the sports, a great opportunity for all dance-lovers.

Tickets may be had from the Janitor of the Arts Building.

Come early and procure good seats, or come late and do some cheering.

LECTURES BY DR. SYMONDS.

A series of three lectures will be given by Dr. Herbert Symonds in the Common Room of the R.V.C. on October 22, 29 and November 12, at three p.m. The subject of the lectures will be "The Doctrine of the Kingdom of Heaven and its Application to Present World Conditions." This splendid opportunity to hear one of the most prominent clergymen of the city should not be neglected by anyone. We owe it to Dr. Symonds to have a large audience, and we owe it to ourselves to study such an up-to-date subject. A cordial invitation is extended to all men students to be present at these lectures.

MEETING OF R.V.C. '21.

A meeting of the R.V.C. Juniors was held on Thursday at 1 o'clock in the Common Room. Miss K. Godwin was elected Class Sports Manager. The fees for the year and class colors were decided upon. At the close of the meeting, a rooters practice was held.

MEETING OF R.V.C. '23.

At 1 o'clock a meeting of R.V.C. '23 was held in the English Room, the president being in the chair. The minutes of the previous meeting were read and approved. Miss Savage then spoke to the meeting, asking our support of the R.V.C. sports and The Dansant to be held this Saturday afternoon—our help in selling tickets and decorating with leaves and banners. Miss Nichol then invited us to attend the Y.W.C.A. meetings, and enjoy the social functions prepared by them. She also asked us to give in our names for Bible reading classes. Miss Russell was unanimously elected Sports Manager for the class. After the choosing of class colors, the meeting was adjourned.
